PROFESSIONAL SUMMARY

Full Stack Developer with 1.3+ years of experience building and maintaining web applications using React.js, Next.js, Node.js, and NestJS. Skilled in developing responsive user interfaces, RESTful APIs, and database-driven applications with MySQL and Prisma. Experienced in delivering production-grade platforms including crowdfunding and e-commerce websites.

TECHNICAL SKILLS

Languages & Frontend: JavaScript, TypeScript, HTML, React.js, Next.js, Tailwind CSS, CSS

Backend & Database: Node.js, NestJS, MySQL, Prisma, Swagger API

Tools & Design: Git, GitHub, Figma

WORK EXPERIENCE

Full Stack Developer — ITOI Technology

Jun 2025 – Present

- Developed and maintained full-stack web applications using React.js, Next.js, Node.js, and NestJS, covering both frontend interfaces and backend APIs.
- Built GiveCharity, an online crowdfunding and donation platform enabling verified fundraising campaigns for medical, education, and social causes.
- Built AGOO Foods, an e-commerce website for a South Indian snack brand, including product catalog, shopping cart, and order flow.
- Developed TeleDoctor.Life, a telemedicine platform enabling video consultations with doctors, and JJ Media House, a corporate website for an outdoor advertising agency, using Next.js.
- Designed and documented RESTful APIs using NestJS and Swagger, with MySQL and Prisma for data modeling and persistence.
- Implemented responsive, mobile-friendly UI components using Tailwind CSS and CSS.
- Collaborated using Git/GitHub for version control and participated in the full software development lifecycle from design to deployment.

KEY PROJECTS

GiveCharity — Online Crowdfunding Platform (givecharity.org)

- Full-stack donation platform supporting medical, education, and social cause fundraising campaigns with transparent tracking.
- Tech stack: Next.js, NestJS, MySQL, Prisma, Tailwind CSS.
